Hi everyone, I run a nonprofit support group for cancer patients in Kittery and we are currently working to raise funds for one of our group members. Her family is struggling to pay for the medical bills so my coworkers and I are putting together a fundraising dinner for her. We can will provide food, but we are looking for someone who can rent us their dining hall for one night. We want to put all of the money towards her, so if anyone knows of a dining hall in the area that will rent their hall at a reduced price, we would greatly appreciate it. Thank you, see our profile at *(Non-profit profile).*

If anyone sees a black lab on the loose, please contact me! His name is Brady and he is old and partly blind. He went missing around 4:00 yesterday and we haven't seen him since. Please email me if you see him!
